

STUDENT-ATHLETE SUDDEN CARDIAC ARREST

In order to participate in any extracurricular physical activity, each student-athlete and the student-athlete's parent or guardian must review, on an annual basis, information provided by the school division on symptoms that may lead to sudden cardiac arrest. After reviewing the materials, each student-athlete and the student-athlete's parent or guardian must sign a statement acknowledging receipt of such information, in a manner approved by the Virginia Board of Education.

A student-athlete who is experiencing symptoms that may lead to sudden cardiac arrest must be immediately removed from play. A student-athlete who is removed from play shall not return to play until he is evaluated by and receives written clearance to return to physical activity by an appropriate licensed health care provider as determined by the Virginia Board of Education. The licensed health care provider evaluating student-athletes may be a volunteer.

The superintendent is responsible for developing, biennially reviewing, and updating procedures to implement this policy.

Adopted: April 5, 2022
