

THIRD PARTY CONSTRUCTION SUPERVISION

If construction on School property is being conducted by sources other than the School Division, the requirements of the attached regulation (FEGB-R) must be followed.

Upon completion of construction and inspection satisfactory to the School Board, of the construction project, the project will become the property of the Bath County School Board.

All volunteers participating in any project will sign a liability release provided by the School Board.

Professional contractors are required to carry adequate insurance coverage for each project and to provide a certificate of insurance as proof thereof.

Adopted: July 16, 2009
